DIRECTIONS / MOVE-IN INSTRUCTIONS

Please view the Move-In map on page 2 of this document. We recommend using the loading doors on the south and east sides of the building, which lead directly into East Hall, where the event is located. Please use the single traffic lane that runs around the east side of the building, park momentarily to unload booth materials, and then immediately return to your car to park in the main lot. Please setup your booth only once you've reparked in the lot, to avoid a backup of vehicles on the side of the building. If you only have a few items that can easily be hand-carried from the lot, you are welcome to simply park in the lot when you arrive and carry your materials through the main lobby entry doors and into East Hall.
